Make Santa Monica and Malibu schools healthier and safer. Vote **YES on BB**.

YES on BB will reduce overcrowding in our neighborhood schools, remove asbestos and mold, and repair leaky roofs. It also makes our schools safer, by installing and repairing fire safety equipment and making all of our classrooms seismically safe.

Most of our schools were built before 1945. As of right now, many of them are overcrowded, in need of repair, and rely on the use of temporary bungalows in place of permanent structures. It's time we address these issues and provide the funding needed to improve our school facilities just as previous generations of Santa Monica and Malibu residents have done for the children of their era.

YES on BB will allow our schools to build and equip more science labs, upgrade computer technology, and repair outdated bathrooms and plumbing.

YES on BB will ensure that our schools are eligible to receive state matching funds. Every dollar generated by Measure BB will stay under local control and will remain in our communities to be used only for our schools.

Santa Monica-Malibu schools have continued to show consistent improvement. With Measure BB, we can help ensure that, from pre-school through high school, our students have the clean and safe facilities they need in order to graduate successfully and be prepared to enter college and the workforce.

Measure BB requires a Citizen Oversight Committee and an independent annual audit to ensure that the funds are being spent efficiently, and as promised. NO money will be spent on administrators' salaries

EVERY school in the Santa Monica-Malibu Unified School District will receive its fair share of the funds generated by Measure BB, thus ensuring that each community will have its specific needs addressed. Vote **YES on BB**. Questions? Visit www.YesOnBB.com
